

## Why The Need?

Due to State and Federal budget cuts and higher operation costs, Missouri schools are having to find alternative funding methods to provide the best education possible for their students. As a result, school districts across the state have established school foundations to provide academic and enrichment beyond the "basics."

The Hartville R-II School District Foundation was established in the summer of 2010 to address ongoing needs in the Hartville R-II School District.

The Hartville R-II School District Foundation is a tax-exempt public charity which enables you to give your charitable donations to your schools.
